## LESS IS A FOUR LETTER WORD

With Paul Mobbs

Author of 'Energy Beyond Oil'

Paul Mobbs, author of 'Energy Beyond Oil' is one of Britain's foremost thinkers on Peak Energy and the practical solutions to the problem.

Some see him as a controversial speaker, opposing the idea that we can make the transition without major changes in lifestyle. It is this concept that he will deal with in his talk, challenging many of the beliefs that are now taken for granted, by all ends of the spectrum.

He will dig deep into our economic system and why 'Less' is a four-letter word. This is part of the 'Wakey, Wakey' tour.
